

PAUL SETS

SWING

Don't rain on my parade
Beyond the sea
Irresponsible
I get a kick
I've got you under my skin
The lady is a tramp
Luck be a lady
Mack the knife
Making whoopee
Moondance
New york
Nice and easy
Strangers in the night
You make me feel so young
Have you met miss jones
Lets face the music and dance
My way

POP MIX

My 1st my last
Stand by me
Never met a girl like you before
Smooth
Addicted to love
Sleepy jean
Mustang sally
Your song
Burning love
Feelin' good
La vida loca
Dreamlover
All shook up
Sex bomb
Too good to be true
The wonder of you
You've lost that lovin' feelin'
